

Welcome to Stony Brook University

RHIC Spin Collaboration Meeting
October 3, 4, 2008

Overview

- Pre-SPIN2008 meeting of the RHIC Spin collaboration: **Run-9 & RHIC results at SPIN2008**
- Presentation of most of the exciting results we are about to present in UVA next week
 - Unfortunately could not accommodate all talks!
 - Conveners of the Experiments have helped us prepare an agenda which **covers all results** if not all speakers!
 - Many speakers are first time speakers
- Broadly we have separated $(1/4)^{\text{th}}$ of the meeting for one dedicated topic

Overview

- Session I: Run-9
- Session II:
 - Transverse spin
 - Begin DG related measurements
- Session III: DG results and future prospects
- Session IV: Detector upgrades and future physics at RHIC
